MARITIME SAFETY MANAGEMENT SYSTEMS

Inspection Services

Flag state inspection

We provide inspectors for Liberia, Palau, Malta, and St. Kitts & Nevis to conduct inspections on behalf of the Administration.

Safety inspection

We conduct onboard inspections and analyze safety issues, providing recommendations for resolution.

Terminal Safety Survey

Crew and equipment will be monitored on-site during cargo handling, cleaning, and bunkering operations.

Pre-Purchase Inspection / Condition Survey

We offer independent surveys and reports on a vessel's condition, class status, and history, providing essential insights to help assess investment risks and identify potential issues when buying or chartering second-hand vessels.
